	Damproof Eco	10 Years	8 Years	8 Years
	Dampseal	7 Years	5 Years	5 Years
Budget Exterior	Advanced Primer	3 Years	2 Years	2 Years

Important: The matrix above reproduces the warranty periods contained in the uploaded Gaumaya Paints Exterior sheet. For detailed Warranty Terms & Conditions, refer to the applicable Gaumaya Paints Warranty Document.

Warranty Conditions & Important Information

1. Complete System Application

Warranty eligibility should be read together with the specified Gaumaya exterior coating system and applicable product instructions/TDS.

2. Surface Condition Before Painting

The substrate should be sound and suitable for painting. Loose/failed coating, dust, efflorescence, algae and surface defects should be appropriately addressed.

3. Moisture & Leakage

Active water leakage, structural seepage or an unresolved source of dampness should be corrected before application. Waterproofing performance should not be interpreted as structural waterproofing.

4. Product Application

Coverage, dilution, number of coats, drying/recoat intervals and other application requirements should follow the current Gaumaya product label/TDS and applicable warranty requirements.

5. Warranty Scope

The matrix states periods for Performance, Waterproofing and Anti-Algal performance. The detailed warranty document defines exact scope, exclusions and remedies.

6. Site & Environmental Conditions

Performance can be affected by substrate condition, exposure, moisture, rainfall, pollution, coastal conditions, vegetation and other site factors.

7. Documentation & Warranty Administration

Retain product purchase details, system/product details and relevant project/application records as required by Gaumaya Paints.

8. Claims & Customer Support

A warranty claim should be supported with site details, photographs/videos, affected area, coating age, products/system used and a description of the observed issue. Site inspection may be required.

Warranty Parameter Definitions

Performance	Colour retention & film integrity.
Waterproofing	The waterproofing period stated in the matrix for the specified system; it should be read with the detailed warranty terms and is not a structural waterproofing guarantee.
Anti-Algal	The anti-algal period stated in the matrix, subject to detailed warranty terms and site/application conditions.

Official Reference: This summary is designed for professional customer/dealer communication. In case of any difference between this summary and the detailed Gaumaya Paints Warranty Document, the detailed Warranty Terms & Conditions shall govern.
