Digital colours are indicative. Confirm final shade with a physical paint sample.

About this colour catalogue

This catalogue presents the complete colour-shade database supplied for Gaumaya Paints. Each shade retains the source shade name, shade code and RGB reference.

WATER BASED

A water-based paint colour range.

ECO FRIENDLY

Designed around an eco-friendly position.

SHADE REFERENCE

Each swatch is generated from the supplied RGB values.

How to use this catalogue

01

Find the colour family

Use the collection pages to browse nearby shades in the original sequence.

02

Check the shade name

Use the exact printed shade name when discussing the colour.

03

Confirm the shade code

Quote the shade code when requesting the colour for supply.

04

Verify physically

Compare the selected shade with an actual paint sample before final application.

COLOUR REFERENCE

Swatches are rendered from the RGB values supplied in the source shade sheet. They are a digital reference and not a substitute for an actual paint sample.

Quick guide

The original shade sequence has been retained and divided into easy-to-browse collection pages.
